# Polish Plus

Supple and delicate wipe for polishing and critical tasks

Chicopee<sup>®</sup> True Confidence<sup>™</sup>

Veraclean Polish Plus is a soft and durable wipe that works perfectly in critical environments, ensuring that no sensitive surfaces are scratched. Veraclean Polish Plus works well in cooperation with most solvents and chemicals. The wipe's high absorbency makes it very efficient for removing excess polishing paste.

# Polish Plus

Silicone Free

Negligible  
Static

Solvent  
Resistant

Soft and supple wipe for critical tasks

## Problems

- Low cost wipes and rags with an inferior quality have the risk of causing scratches on surfaces
- Excess polishing paste or sealant on a prepared surface may not be totally removed by low absorbency wipes or rags
- Woven microfibre wipes that are washed often contain heavy metal or other particles after washing
- Other polishing wipes can not always be used in combination with solvents or chemicals

## Solutions

- Polish Plus is extremely soft making it perfect for critical environments, ensuring that no sensitive surfaces are scratched
- It also has a high absorbency making it perfect for removing excess polishing paste and sealant ensuring a smooth and spotless finish
- Specially designed for short-term use, the Polish Plus is extremely soft and supple making it suitable for the most delicate polishing functions
- It is also resistant to most solvents and chemicals making it an ideal wipe for the most critical jobs

The Veraclean Polish Plus wipe is silicone free eliminating surface craters and fish eyes
